HOW AND WHY DO YOU USE COACHMETRIX?

I use Coachmetrix primarily as a communication platform between myself, the leader, and the stakeholders. I use the Pulse feedback, discussion and resource functions the most. It is an excellent value-add and built-into the coaching engagement. It makes it easier to sell since I can clearly demonstrate the value of the coaching with it. Next time a sponsor asks, "Can you prove it?", Coachmetrix gives the confidence to say "Yes - and let me show you how"!

” Coachmetrix helped me to streamline disparate platforms in my Leadership Coaching process. It also made it easier to bring in, and keep Stakeholders engaged. This comes especially in handy when I’m working with numerous leaders in the same organization.

About David

David helps clients break free from ineffective habits, release trapped value, create more deliberate impact and exercise better leadership.

Since 2007 David has worked as a trainer, facilitator and coach with over 30,000 people leaders and executives across multiple industries, gaining a broad and diverse leadership perspective. His coaching approach is centered on practicality, with mindset, behavior and impact as focal points of execution.

Besides his work as a Leadership Development Coach for the Fortune 500, he is also an Advisory Board Member to a Top 20 Leadership Training Company and four startups. Clients describe David as grounded, thoughtful, and insightful.
